

## **POLICY FOR ANIMALS IN CDFGPA BUILDINGS**

It is the policy of the Courtenay and District Fish & Game Protective Association that no animals are to be in a building that prepares, processes, or stores food. A guide dog or a service dog, as defined in the Guide Dog and Service Dog Act, is permitted in the building, but not in any area of the premises in which food is prepared, processed or stored. This policy follows the Public Health Act Food Premises regulation.
